

The Fine Paints of Europe 2019 Color of the Year

Cobalt Buzz

At Fine Paints of Europe we're proud to announce our 2019 Color of the Year: Cobalt Buzz, a bold and memorable blue that stimulates without enervating. Blue is traditionally a relaxing color, so we've blended a lively shade that strikes a balance between serenity and alertness. The result is a calming environment that still lets the creative juices flow, keeping you awake and present.

Cobalt Buzz can add verve to your home as an accent or enfold you with inspiration as the main color in a room. For an adventurous, eclectic vibe, this color harmonizes with aqua, olive, pink, or violet. If you'd prefer a more classic take, simply pair Cobalt Buzz with white for a nautical flair, or with black and gold, as in our featured room.

Fine Paints of Europe Master Certified Painter Eric Linkins brush-painted these dazzling walls. Eric's seamless work showcases the super-saturated pigments—unique to Fine Paints of Europe—that give this blue such a rich, glowing depth of color.

If you're seeking confidence and serenity in 2019, set your walls abuzz with this vivid cobalt.

Colorfully yours,

Emmett Fiore
