

Introducing the
2023 Color of the Year
Spa Day Latte'

Fine Paints' 2023 Color of the Year *Spa Day Latte'* is an illuminating ivory bursting with sunshine. We've set out to create a neutral that, like your favorite cashmere sweater, balances relaxation and excitement. Our spin on this classic khaki lends itself to clean lines and cozy vibes. So exhale and enjoy a little pampering every day.

Spa Day Latte' offers a versatile springboard for your décor. Run it throughout multiple rooms and give your color scheme a sense of unity. To maximize visual impact, pair this color with bold, saturated hues such as red, green, navy, brown, charcoal, or black. For a softer look, it blends beautifully with periwinkle, aqua, rose, and sage.

Master Certified Painter Shoreline Painting & Drywall spray painted these stunning walls, making them glow like dawn in Aspen. Shoreline's immaculate application of this timeless tan highlights the brazen shine and colossal pigmentation of our Hollandlac Brilliant 98.

So, springboard your décor in 2023 with *Spa Day Latte'*.

Colorfully yours,

Emmett Fiore
Color Strategist
